32) As long as the suggested PvdA State Secretaries Ahmed Aboutaleb [Dutch-Moroccan] and Nebahat Albayrak [Dutch-Turkish] have a double nationality, they should not be allowed in the new government administration. That's what Geert Wilders thinks. "A Minister or State Secretary can not serve two masters at the same time." Wilders thinks it is principally wrong that members of government have double nationality, he says to Elsevier.nl.

Geert Wilders, website Elsevier 15 February 2007

33) "But I don't want any more muslims in The Netherlands, I would rather like to see less of them. So I want to close the borders for migrants from muslim countries. Moreover I want to encourage muslims to leave The Netherlands voluntarily. The demografic trend should be such that the chances are small that again two of them will be part of the Cabinet. There is too much islam in The Netherlands right now."

Geert Wilders, AD, 17 August 2007

42) "The islam is a 'fundamentally different culture' that should not dominate anywhere", he [Wilders] thinks. (..) "Enough is enough. We should not sell out to the islamic culture and the misery that comes with it".

In twenty years time they will be everywhere, from Apeldoorn to Emmen and from Weert to Middelburg. We are selling our country to the devil named Mohammed, and no one is doing anything about it."
Geert Wilders, interview in De Pers, 27 November 2007

Not out of hatred, but out of pride and self-preservation of our Dutch identity and our Western values, I defend a halt to immigration from Islamic countries."

Geert Wilders, Het Nieuwsblad (Flemish), 9 February 2008

59) "Non-Western immigrants with a double nationality, who commit a crime, such as those many Moroccan street terrorists who are a hazard to the safety of large parts of The Netherlands, they have to hand in their Dutch passport and will leave the country."

PVV MP Fleur Agema, Vrij Nederland, 8 March 2008

Remark Fleur Agema [PVV MP] on the PVV website, March 2008

63) "Muslims want you to give space to the Islam, but the Islam doesn't give you any space. The government says you should respect the Islam, but the Islam has no respect for you. The Islam wants to dominate and aims for the destruction of our Western civilisation. In 1945 Nazism was defeated in Europe. In 1989 Communism was defeated in Europe. Now the Islamic ideology has to be defeated. Stop the Islamisation. Defend our freedom."

Film Fitna by Geert Wilders and others, 27 March 2008

Interviewer: "You are also in favour of ethnic cleansing?"

Wilders: "That is not ethnic cleansing. Israel can rightfully claim that territory."

Geert Wilders in De Standaard (Flemish), 28 June 2008

67) "No actions are taken to stop mass immigration, promote remigration and rebuke the high frequency of inactivity among non-Western immigrants. Jan and Annie [old-fashioned Dutch names] are paying for Achmed and Fatima. The Netherlands have to choose: immigration country or welfare state."

Reaction PVV on the commission Bakker report on social security after 65, 2 July 2008

68) "For the PVV it is clear who has to get out off their lazy chair and who can sit in it after a life of hard work. For the PVV it is clear that The Netherlands should not be an immigration country; only then the welfare state can be maintained for those who are entitled to it after a life of hard work."
Reaction PVV on the commission Bakker report on social security after 65, 2 July 2008

69) "If more people need to remain working for more years, the PVV thinks that the Turks and Moroccans should be the first ones: In the age of 55-64 less than 10% of them currently works. It is unacceptable to have working Dutchmen pay the bill for this, by making them work on until their 67th birthday, which even restricts the financial build-up of their pension."
Reaction PVV on the commission Bakker report on social security after 65, 2 July 2008

70) "Taqqiya is a well-known term in the islamic world. It means that muslims who do not live in a muslim country (yet) often don't say everything they really think." "But at the moment that the islamic culture gets stronger there will also be muslims, who are now being seen as moderate, who follow along in the compulsive strictness of the Koran and its ideology. The term comes from the muslim world itself and should therefore not be underestimated." "Therefore it is too easy to say that there are enough muslims who participate in our society. It does not say anything about how they are going to behave once there are more muslims represented in The Netherlands."
Geert Wilders in interview Nu.nl 11 September 2008

71) "The more dominant the islamic culture in The Netherlands will be, the more distant we will become from anything that has to do with freedom, tolerance and equality. Because the islam -in contrast with other religions- will not accept anything aelse but the islam." "The society will change for the worse. It is no 'clash of civilisations', but a collision between culture and barbarism and retardedness."
Geert Wilders in interview Nu.nl, 11 September 2008

72) "The elite calls these Moroccans, who cause many problems, very romantically: "New Dutchmen". I would rather call them "colonists". Muslim colonists. Because they have not come to integrate, but to take over things, to submit us."
Geert Wilders during "General Political Considerations" ("Algemeen Politieke Beschouwingen") at the presentation of the government budget for the year 2009, 17 September 2008 (on pvv.nl)

73) "I sometimes think: in the airplane they are already being taught: you vote for Wouter Bos [Dutch Labour Party leader], he give you social benefit. But who is paying the bill? Who pays the hunderd billion? That's the people who have build The Netherlands, the people who work hard, the people who put aside money and who pay their taxes on time. The ordinary Dutchman who doesn get anything for free. Henk and Ingrid [typical Dutch names] are paying for Mohammed and Fatima."

75) "The political elite in Europe is acting like Chamberlain, appeasing people who in reality do not want to be appeased, who do not want to assimilate, who want to kill everything we stand for."
Geert Wilders interviewed by Glenn Beck (CNN), 25 September 2008 (on pvv.nl)

76) "We have Moroccan youth really behaving like barbarians: killing people, attacking people,

doing the most horrible things."

Geert Wilders interviewed by Glenn Beck (CNN 04:17-04:35), 25 September 2008 (on pvv.nl)

Martin Bosma (MP for PVV) in De Morgen (Flemish), 2 October 2008

78) "But", says PVV MP Sietse Fritsma to explain that it's not all that bad: he thinks that "at the most one or maximally two airplanes filled with Moroccans will have to be sent back. By then the rest will have learned their lesson", says Fritsma pedagogically.

Article on PVV MP Sietse Fritsma, NRC, 3 October 2008

79) "Mr. Aboutaleb should better be mayor of Rabat (Morocco) instead of Rotterdam. With him as first citizen Rotterdam is Rabat on the Maas river", argues Geert Wilders. "A Moroccan as mayor of the second city in The Netherlands is just as crazy as a Dutchman as mayor of Mecca. The Cabinet should not be allowed to appoint mr. Aboutaleb, who after all is a Moroccan too, as mayor of Rotterdam. If this continues, we'll get an imam for our arch bishop. This is insanity", says the PVV leader.

Press release PVV, 17 October 2008

80) "The reason is a proposal by the PVV to expel Moroccan problematic youth together with their parents if they commit a crime. Other parties believe this is discrimination because no such arrangement is being proposed for 'indigenous' Dutchmen."

Speech by Geert Wilders in Jerusalem on PVV website, 14 December 2008

82) "I've come here to warn about another danger, the islam. The islam is masquerading as a religion but really has a different goal; world domination, a holy war, the sharia and the end of separation of church and state. It is not a religion, it is a political ideology. It demands your respect but does not respect you."

Geert Wilders' planned speech in London, PVV website, 12 February 2009

83) "I propose the withdrawal of all hate speech legislation in Europe."

Speech by Geert Wilders in New York on PVV.nl website, 25 February 2009

"What measures do you want to take to prevent that 'indigenous' Dutch people soon will be a minority in Rotterdam?"

89) "Do you realise that by installing polling places in mosks, people are more or less forced to enter these buildings in order to vote, even when they don't want to have anything to do with the barbaric islamic ideology" (..) "Do you also agree that this is a completely different situation from a polling place in a church, because a church is not a symbol of an evil totalitarian ideology, but of a religion that has been a part of our Western culture for many hundreds of years and stands at the origin of our culture?"

Parliamentarian questions PVV MPs Sietse Fritsma and Hero Brinkman, PVV website, 28 May 2009

Geert Wilders at PVV party meeting, Binnenlands Bestuur, 29 May 2009

Interview with Geert Wilders on Swedish media, 13 July 2009

96) "The Party for Freedom has asked almost all Dutch ministries to calculate exactly how much money they spend on non-Western immigrants. The PVV MP [Sietse Fritsma] wants the tax service to tell him how much less taxes non-Western immigrants pay, compared to indigenous Dutchmen. 99) "This country has excise taxes on gasoline and diesel, parking permits and a dog tax, had an air traffic tax and has a packaging tax, so why not a headscarf tax? A "head rag tax". (..) This way we are finally going to earn back on what has already cost us so much. My line is: the polluter pays."

Contribution of Geert Wilders to the Parliament debate on the 2010 state budget, PVV.nl website, 16 September 2009
